Current information on hygiene measures in the context of ILM

We look forward to welcoming you to ILM soon. All planned measures correspond to the current hygiene and distance concept in the respective valid version. Due to the dynamic situation, necessary changes may occur in this regard. Therefore, please inform yourself regularly here on our website.

Do you have any questions or need our support? We would be happy to advise you on the implementation of the measures and we are available to answer any questions.

You can reach our specialists for hygiene via phone +49 69 82 97 55 - 0 or - 16

Following you will find an overview of the most important measures for exhibitors.

General information

- ✓ Access to the fairground is only possible after prior registration.
- ✓ A medical mouth is recommended
- ✓ Vaccination certificates are not required according to the current regulations.
- ✓ A minimum distance of 1.5 meters is recommended
- ✓ In addition, we refer to the general recommendations of the Robert Koch Institute and the Federal Ministry of Health.

Preparation

As part of the planning, a stand with an intuitive visitor navigation is recommended. We recommend dispenser with disinfectants. The placement of display items, screens, information boards and other products should be planned broad. That ensures that there will be no crowds in the aisles and in front of the stands.

Entry requirements

Please note the currently valid entry and quarantine regulations of the BMI and the RKI. The relevant links you will find on our website.

Construction and dismantling

During assembly and dismantling, all measures listed under *general information* must be observed. All companies involved (employees, service providers, stand builders and other service partners) have to be informed about the safety and hygiene measures by the exhibitor.

Parking/Shuttle-Service

The parking lot Nordring (P2) is available for parking. Construction and dismantling vehicles, transporters and trucks can also park here. From the parking lot Nordring, we offer our free shuttle service, which will take you directly to the main entrance of the trade fair. In the vehicle, the wearing of a medical mouth-nose protection is recommended. In addition, you will find other public areas and parking garages around the trade fair grounds in Offenbach

During the event

During the event, all measures listed under *general information* must be observed. Furthermore, access to the fairground is only possible after prior registration. In exceptional cases, the accreditation can be made up at the trouble counter on site in the entrance area.

The fairground is supplied with air via the corresponding climatically systems.

Regular disinfection of contact surfaces in public areas, toilet facilities and the entrance area are guaranteed by Messe Offenbach. The exhibitor is responsible for the disinfecting of contact surfaces and other items on the exhibition stands in appropriate intervals.
