MARK YOUR CALENDARS: HERE ARE THE ILM DATES FOR 2027

Offenbach am Main – The International Leather Goods Fair (ILM) has set its dates for 2027 well in advance, thereby providing clear guidance for the industry in the international trade fair calendar.

The next events will take place:

- ILM #165 from Saturday, 13 February until Monday, 15 February 2027
- ILM #166 from Saturday, 4 September until Monday, 6 September 2027

Both dates have been moved back by one week compared to previous years to allow for better alignment with international trade fair formats.

“Clear time slots are crucial for the industry. With the adjusted schedule, we are creating a reliable basis for planning, networking and business,” explains Arnd Hinrich Kappe, CEO of Messe Offenbach.

As one of the most important international meeting places for bags, luggage, leather goods and accessories, the ILM brings brands, retailers and industry experts together in Offenbach twice a year.

Later this year, the 164th edition of ILM will take place from 29–31 August 2026. Tickets for the fair are available on the website from today.
